Summary

Flutter & Android Developer with strong UI/UX design skills and hands-on experience in building cross-platform mobile applications. Skilled in developing scalable apps using Flutter, Firebase, and modern web technologies. Passionate about creating user-centered designs and high-performance applications with clean architecture.

Skills

App Development: Flutter, Dart, Firebase, Hive

Coding & Development: Data Structures & Algorithms, OOPS, DBMS, Java

UI/UX Design: Figma, Wireframing, Prototyping, Responsive Design

Experience

Summer Intern – Maruti Suzuki

June 2025 – July 2025

- Worked on SAP Basis administration in enterprise production environments
- Managed user roles, transport requests, and system monitoring tasks
- Gained exposure to large-scale system architecture and backend workflows

Projects

Vanguard — Flutter Personal Safety App

- Built a safety app with login, OTP verification, SOS alerts, GPS tracking, and incident reporting.
- Integrated Firebase Auth and Firestore for real-time monitoring and data sync.
- Integrated Firebase, GetX, SHA-256 hashing, reusable UI components, and permission handling.

TaskFlow – Flutter Task Manager App

- Built a Flutter task manager using Firebase Authentication and Cloud Firestore
- Implemented CRUD operations, real-time sync, and REST API integration
- Designed a modern dark-themed responsive UI

HackerNews Reader – Flutter Hacker News Client

- Built a Hacker News reader app in Flutter consuming the official HN Firebase REST API
- Implemented threaded comments, shimmer loading animations, and in-app browser launch
- Designed a terminal-style neon dark UI with monospace typography and real-time story fetch

Education

K.R. Mangalam University

2023 – 2027

B.Tech in Computer Science Engineering **St. Xavier's High School**

2023

CBSE (Science with Computer Science)

Certifications

- Google UX Design Professional Certificate
- Google AI Essentials

Extracurricular

- Participated in multiple national-level hackathons focused on app development
- Actively building Flutter applications and improving UI/UX design skills
